

Group 3c: Program start in summer semester 2019

One week before the start of the semester, all program participants will be invited to a welcome event, where they will receive an introduction to the program. They will also take part in a full-day intercultural seminar to prepare themselves for their studies in Germany.

Participants start with their German program on **April 23, 2019**:

You will participate in an A1.1plus A1.2 course ([CEFR](#)) two evenings per week in the **summer semester 2019**. There will be no German courses in July and August, so you will be able to use this break for guided self-guided study. In September, you will participate in an A2.1 course.

During the lecture period of the **winter semester 2019/2020** you will attend an A2.2 course for eight weeks. After a break during the Christmas season and a revision week, you will take the exam in January. During the lecture free period, you will participate in an B1.1 level course in the evenings.

During the **summer semester 2020**, you will complete level B1.2.

All German courses require an end term exam at the end of each course. Courses during the semester additionally have a mid term exam.

The program ends with another full-day intercultural training during the semester break, in which you will have the opportunity to reflect upon your life and experiences in Germany up to that point. Additionally, you have the option to participate in a "Fit for the Job" seminar.

We are looking forward to your graduation ceremony in June 2020, where you will receive your certificates.
